**TAKE YOUR PICK--SUIT or OVERCOAT TO ORDER \$8.75**

January Sale of Ends. I have taken the accumulation of ends from all my stores and gathered them here in my New York stores. Not a yard of these goods was bought to sell under \$15, \$18 and \$20, and are guaranteed absolutely all wool or worsted. Most of them have enough cloth to make three-piece suits. I have them in all shades, dark gray, blue and all style colorings. On taking stock I find too many ends. I intend to start the spring season with brand new fresh goods—Blue Serges, Globe Black Unfinished Worsts and Standish Worsts included.

I want all my old customers to take advantage of this sale. Come in, pick out two or three suits, and if you are in no hurry let me take a month to make them. The price will be, suit to order, \$15, \$18 and \$20 values.

My honest belief is that these suits cannot be bought within \$15.00 of this price in this town, and I guarantee to every man ordering one of these suits at a price of \$8.75, to wit, if you can purchase this same cloth within \$5.00 more of this price, I positively guarantee to refund you the \$8.75 you paid for your suit or deliver to you the suit absolutely free.

## WALL STREET.

Strength and activity marked the opening. Brokers reported a considerable number of out-of-town orders showing enlargement of public interest.

Industrial issues were relatively more active than the railroads, but the latter group showed an increase of strength. Market met with a good volume of realizing sales towards the end of the first hour, but selling was absorbed without difficulty, and toward noon advances was renewed, with copper stocks strong on rise of price in metal to 14 cents, nickel to 14½ cents.

There was a spurt of bullish activity in early afternoon, carrying a number of stocks to new high figures for present advances. Canadian Pacific was a strong feature, selling up to 144 3-4, a gain of 41-2 points in expectation of segregation of steamship properties from road lines. Missouri Pacific advanced to 111 1-4, highest since the Exchange resumed business.

Reading sold at 149 near the close. Steel at 13 3-4, and many issues showed advances ranging up to two points.
